Subject: Revised Abbreviated WP - BWD Well 6-2 Pilot Test
Attachments: FINAL Abbreviated Work Plan - BWD Well 6-2 Pilot Test_120115.pdf

All –

Please find attached the revised document:

**ABBREVIATED WORK PLAN – NOVEMBER 2015
BWD WELL 6-2 PILOT TEST
OPERABLE UNIT 2 GROUNDWATER
NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP), BETHPAGE, NEW YORK**

Details of the revision are:

Regarding the disposition of water generated as part of the pilot test, the original text on page 4 of 6 states:

“Resolution Consultants will make every attempt to secure a subcontract with BWD to operate and maintain Well 6-2, to treat recovered groundwater, to distribute or dispose of the recovered groundwater, and to provide plant operation data...The amount of water that is disposed versus the amount of water that is distributed to customers will be recorded and reported.”

This portion of the work plan was revised to include the following:

“The disposition of water generated as part of the pilot test will be at the discretion of the BWD to meet plant operations.”

Regards,
Brian
